Format for the week long safety drive for the month of June'25
(09.06.2025 to 15.06.2025)

Annexure - A

Week long safety drive for the Month of June'25

S.No.	Dept	Elec (TRD+ TRSO+ TRS)	Mech	S&T	Optg	Engg	Total
1	No. of inspections done by officers						
2	No. of inspections done by supervisors						
3	Total No. of inspections done.						
4	Total No. of Checks conducted						
5	Total No of staff counseled						
6	No. deficiencies found						
7	Total No. of compliances done.						
8	TDC for balance deficiencies.						

Annexure- B

List of items to be checked during the Safety drive

1. ELECTRICAL

Dept	Observations to be done on	Total No. of checks done	Total No. of staff counsel ed	Total No. of deficiencies observed	No. of deficiencies attended	Balanc e	Action taken / (TDC)
TRD	Drive for Insulators such as Chipped or damaged insulators, Flash over mark on insulators, etc						
TRACTI ON	Summer Drive, which includes temperature checking of axle box, MSU and TM bearing through infrared temperature gun on arrival of locomotive at destination station/out pit, checking for any oil leakage from transformer, Tap Changer (GR), MPH circuit, Traction converter, oil pump etc						

Crew	Crew Road Learning Drive						
Grand Total							

2. Mechanical:

Observations to be done on	Total No. of checks done	Total No. of staff counseled	Total No. of deficiencies observed	No. of deficiencies attended	Balance	Action taken / TDC
Safety of Under slung equipment in rolling stock						
Audit of rolling in and rolling out examination points						
Grand Total						

3. S & T

Observations to be done on	Total No. of checks done	Total No. of staff counseled	Total No. of deficiencies observed	No. of deficiencies attended	Balance	Action taken / planned / TDC
To check and ensure that all field equipments/machines of S&T such as point machines, Axle counter devices including cables etc are properly inspected for their safe condition before monsoon						
Availability of Completion plans						
Grand Total						

4. Operating

Observations to be done on	Total No. of checks done	Total No. of staff counseled	Total No. of deficiencies observed	No. of deficiencies attended	Balance	Action taken / planned / TDC
Proper maintenance of registers by the station master as per the laid down norms. Proper maintenance of the following registers should be checked from the safety						

point of view • Caution Order Register • Train Signal Register • Accident register • Files of safety Circulars/Safety Bulletins • Signal disconnection and reconnection register • Night Inspection register						
Grand Total						

5. Engineering:

Observations to be done on	Total No. of checks done	Total No. of staff counseled	Total No. of deficiencies observed	No. of deficiencies attended	Balance	Action taken / planned / TDC
Pre monsoon precautionary measures: Maintenance of side/catch water drains, bridge water ways, painting of HFL, FSL, DL, selection of Patrolmen and watchmen, inspection of rain gauges, inspection of RAW/RAT, review of vulnerable location, arrangement of materials for emergencies & other actions as per IRPWM						
Yard drainage, clearance of rail flange with ballast, recouplement of insulated liners etc						
Grand Total						

Annexure-C

- 1) **Details of depart-wise major deficiencies noticed and attended are as mentioned below** (*important photograph should be attached / included in report*):
- 2) **Details of depart-wise major deficiencies noticed and yet to be attended with TDC are as mentioned below** (*important photograph should be attached / included in report*):
